We trust that a larger number will attend next time, and we hope to be able to publish the name of every teacher in the county as being present in May.

> NOTES FROM THE CAPITAL CITY. the capital city may not be unacceptable to the readers of your valuable paper, and if you will grant me a little space I will endeavor to give you a few of the aforesaid dots. This season of the year being a busy

one with the farmers, it is consequently business push and energy as any town in the South; but Columbia is con-A SUGGESTION. - As the Gordon her business men by their conservabrate their next anniversary in the tism have allowed others of the neighusual way-basket picnic and target boring towns to get a start of her in ing it down. I fully realize the rights shooting-we would suggest that if some respects. "Nothing risk, noththey have not already selected the ing have," is by no means the motto place for the picnic, "McCants's Pond" here, and while other towns and cities be decided upon. It is but a trifle have by risky adventures achieved a further than "Fortune Spring Woods," brilliant success or met with dismal failures, Columbia has pursued the and in our opinion is a much better even tenor of her way towards true

The citizens of Augusta wanted fac-

McCants, we are informed, will have went to work and constructed her the shooting grounds prepared, and famous canal, and the factories came clear a good road to the pond. Either and Augusta has rapidly increased in population and wealth, and is forging a one hundred or two hundred range ahead in all kinds of business proswho have heard of it are much in factories, but the motive power is Gordons will take the matter into thing necessary to give the motive consideration and decide upon this power, In the magnificent water power near at hand, Providence has not built them a canal, and the city of tamaus "Columbia Ditch" is the recity since his graduation at West sult, and the factories have not yet put expense, if the good will result which is claimed for it, it strikes me that as a -A member of the legal fraternity Mr. John Vinson returned on Friday last resort the city might undertake nearly money enough to build the canal, and to bring factories here and to make a success of it, and if the people of Columbia want factories, I think the best way is for the business

> politicians. There is a scheme on foot to establish a Land Improvement Company ntilize the waste and idle lands of the state. Our lands represent the great to have "every Parliament contrive er part of capital in State. er part of capital in South Carolina, and the most of it idle. To say that the average land owner is "land poor," is to assert a well known truth, and with our surplus capital locked up of Winnsboro, S. C., asking the name of a good man, at Wadesboro, to press forward the building of a railroad bad a fix in that respect as we our from Wadesboro to Winnsboro, and selves are, have me land than they thence to Camack, Ga. This is to be know what to do w. ., land is thereline from Norfolk to New Orleans. improvement scheme is on the same points ever projected. Camack is the company will be able to offer injust above Augusta, on the Georgia ducements sufficient to attract from chase homes. It is urged against the plan that it is speculative in its nature and should not be encouraged, but all business enterprises ars more or less speculative, and underneath the fictitious values which are sometimes pro-

duced, there is often true and substantial worth of Our court is now and has been for some time in session, his Honor, Judge Norton, presiding. Columbia lawyers are said to be a little slow in conducting, court business, and for the citizens have been called to rest. On first week of the Common Pleas the Sunday last at four o'clock, p. m., court certainly did not "sit for the Mr. A. J. Nichols, one of our oldest dispatch of business," but his Honor has brought about a new order of things, and a great deal of business has been disposed of during the last ble impression, both as a judge and as

a man. Every one is discussing the trip to tharleston on the 26th, to attend the Charleston are doing all in their power probable that there will be any "cutting of rates," as the roads by their connection with some association, have agreed to "tote fair," and the road which begins to cut forfeits a

heavy fine. The price of tickets from Columbia to Charleston, round trip, are now quoted at \$4.50 for civilians, and \$2.60 Columbia battalion have positively decided to go, and it is hoped that the Gordons and the Rock Hill company will also be on hand; these four companies will represent the Palmetto Regiment, and will be commanded by

Col. J. Quitman Marshall. Messrs. Editors, allow me to congratulate you upon the great improvement in the general "get up" of THE NEWS AND HERALD. I have been for a number of years a constant reader of your paper, and with no intention of refleecting upon the past manageof its most interesting meetings on ment of the paper, I am constrained to last Saturday at Mount Zion Institute.

None of us like to make enemies and we all like to friends, and the opportulivered an interesting talk on the nities presented to newspaper men in methods pursued at that institution. this respect are perhaps greater in His remarks were instructive, and number than in any other occupation, and we are all apt to trim our sails to brought forth questions and opinions catch the breeze of publicopinion, but the dash and boldness with which you A QUESTION OF RIGHTS.

Messrs. Editors: That individual exertion and individual worth are the prime sources of nearly all that is valuable in the world, is realized by no one more fully than by me; and that dangers and abuses often attend interference by the State in matters not ourely governmental is true. But the burden of proof rests upon those who

Messrs. Editors: A few dots from practicable. Many of the theories

tories, but in order to have factories it was necessary to have the motive nents have said when applied to man, of their principles to a people living amid the complications of civilized society and brought in contact with

other civilized communities. -Jacob and his twelve sons did very well under the guidance of selfishness an i sympathy, while times were prosperous and pasturage good, but as soon as a famine arose in the land the rub came, and but for their nearness to Egypt, where a despot ruled the peowith a rod of iron, Judah and his brethren would have perished with hunger. Thus the power of a cruel despotism became essential to the preservation of the family from which our Savior was to come. Abstract argument may sound well, but when the unknown and unknowable impulses of human nature come in as factors, the theories may not work out. It will sound better to say that, the experiment has been tried and proved

men of Columbia to put their shoulders to the wheel, and endeavor to build the canal without the aid of any good, short bills which may im-prove the industry of the nation," is, in spite of some mistakes, the chief

If the constitution thus made contains the elements of injustice, and if the majority refuse to grant redress, the minority has the right of revolution. But when the constitution is wise and just, and when the law is made in accordance with its provisions, the or phosphate powders. advocate the doctrine that the State should only govern its people, and leave all material, moral and intellectual progress to the principles of "selfishness and sympathy," which may happen to exist in the minds of individuals. The question is not what seems best

propagated by the originators of the French revolution were true, but when

put in practice the result was fearful. In citing instances in the past where government had advanced the civilization of the world by fostering individual genius and enterprise, I stated that Columbus could not have discovered America but for the aid given a quiet time with the merchants, still him by government, he having spent the streets are by no means deserted years in vain effort to scoure help, and and there seems to be a good deal of only accomplished his purpose by activity among merchants of all classes furnished him by the governments of and descriptions here. Columbia Aregon and Castile. That Columbus without being a noisy, bustling basi- succeeded in discovering America ness town, has about as much earnest enetirely, or nearly so, by aid of governmont is a fact, and that he had no hopes of succeeding otherwise is, I think, equally true. As to your critipower of the majority it our country, you seem to me only to sit up an imange to have the pleasure of knockof the minority, but the disciples of the new sophism seem to think that the major ty has no rights which the minority is bound to respect. Under a Republican government having its origin and support in the will of the people, there ought to be no confusion of ideas, as there is in a monarchy where the theory of the divine rights of kings makes some complications. In a rebublic the individual must surrender certain rights which belong to him in a state of nature, and assume obligations which are not incum-bent on him in his state of nature. I admit much that my oppostripped naked and turned loose in the woods, but I reject the application

> a success. Whatever blunders or wrongs Great Britian may have perpetrated, she has done more to spread civilization throughout the world during the last two hundred years than nearly all other nations combined. That the work might have been better done is possible, but is there any one so visionary as to suppose that she would have achieved greatness or even maintained her existence as an independent kingdom under the "let alone" theory of

cause of England's greatness. Under our government the people rule. When opinions differ the majority must control, not alone because it has the power, but because it is reasonable and just. Principles of right may be outraged when the decision is left to the uncheckered passions, emotions and interests of the majority. Therefore the majority wisely strive to throw around themselves all possible safeguards. They elect delegates to a convention which adopt certain well-established principles of justice and expediency, declare what rights of individuals are sacred, and what are forfeitable, and adopt such rules as will tend to check excesses or

mistakes in legislation.

I did not at first expect to reply to your comments on my articles signed "X. Z.", because I thought your extract from history and your remarks concerning Columbus, failed to prove anything, and that your criticism of friend of mine who is by no means an earnest advocate of railroads and who

that when a majority lawfully and justly decide upon a course of action, the minority has no moral (as it has

The expression came from me in To the absent Defendant: consequence of a disposition manifested to question the right of a majority of voters in a township, authoriz-ing the levy of taxes to build railroads. Such objections seemed weak, since the right was granted by the majority of the law-making body, which was elected by majorities of the people, in accordance with authority given by a constitution made by the majority of a convention, called by a majority of the people, and whose members were elected by majorities of the people. With all these safe-guards thrown around them, the right of minorities

surely are sufficiently protected.
